Mr. Garcia,

I would like to let you know through this letter about the resolution thanking you and the Mar del Plata hosts for your technical support during the ICANN Meeting held in April 2005 in the city of Mar del Plata.

This resolution has been published in <http://www.icann.org/minutes/resolutions-08apr05.htm>.

All of ICANN technical requirements were correctly fulfilled. Wireless connection, software support, Internet security, connectivity and servers ran without flaws and the different requests of ICANN staff and attendants were solved efficiently and without problems.

ICANN Meetings are held every 4 months and are known to be of the most demanding technical meetings around the world with more than 600 attendants requiring wireless and wired Internet connections and many different technical requirements.

I would like to say that all requirements were fully satisfied and also very good friendship between your staff and ICANN members was developed that I would be glad to be continued in time.

I would like to extend this letter of recognition to your staff, especially Mr. Javier Salinas, Mr. Guillermo Pereyra Irujo, Mr. Alexis Bertola, Mr. Martin Salinas and Mr. Claudio Rouillet..

I would also like to thank Mr. Miguel Tettamanti and Ms. Ivana D'Alessandro who conducted the tourism operation of the Meeting making our visit comfortable and enjoyable.

Your entire team has done a great job.

Kind regards
